nextora

BUSINESS PROFILE 2026

Building what's next.

One partner for people, technology and infrastructure.

People Technology Infrastructure

nextoratechnologies.com

Technology is complicated. Working with the right IT partner shouldn't be.

From cloud and infrastructure to security, disaster recovery, telephony, hardware and workforce solutions, Nextora brings the capabilities together under one roof.

PEOPLE
IT & Non-IT Workforce

One partner. Multiple capabilities. Less complexity.

Senior expertise. Direct accountability.

The people who understand your business stay involved in delivering it. Founders and senior leaders provide hands-on oversight and accountability throughout.

Local presence. Real accessibility.

Based in Mira Road, Thane. A team you can reach, engage and work with directly.

EXPERIENCE THAT BRINGS PEOPLE AND TECHNOLOGY TOGETHER

16+
years in IT infrastructure & support management

16+
years in sales & client engagement

12
years in HR & talent sourcing

THE FIRST STEP

Before you invest in technology, understand what you need.

Comprehensive IT Discovery Audit

A practical assessment of your existing IT environment: is it secure, cost-efficient and ready to scale?

Understand where you stand. Identify what needs attention. Decide what comes next.

WHAT YOU GET

1. Overview of your current IT environment
2. Key infrastructure and security gaps
3. Cloud and cost optimisation opportunities
4. Prioritised recommendations and roadmap

Technology moves business forward. We make it happen.

Nextora Technologies brings IT solutions and workforce solutions under one roof: the infrastructure to compete, and the talent to run it.

OUR LEADERSHIP TEAM'S EXPERIENCE, BY DISCIPLINE

16+

years in IT infrastructure and support management

16+

years in sales and client engagement

12

years in HR, recruitment and talent sourcing

MISSION

To empower organisations with innovative, cost-effective and reliable IT and workforce solutions that drive growth and long-term success.

VISION

To be a trusted partner for businesses worldwide, bridging the gap between technology and talent with excellence and integrity.
